

Dear Resident. An all-volunteer election canvassing team is conducting research into the accuracy of the most recent electoral process. You have been contacted because one or more persons at this address registered and / or voted in one of several ways that suggest they may have done so without the knowledge of the people actually residing at this address. In some cases, these voters have either died, moved away or they randomly targeted your address for unknown reasons. We solicit your help (to the fullest extent you feel comfortable) in order to identify such voters to election officials. For more information, visit [VoteChecker.org/sdr](http://VoteChecker.org/sdr)
